

## Empowering Survivors

Marriott hotels display public signs that highlight common indicators of human trafficking and provide guidance and resources to all members of the hotel and hospitality industry and general public.

Recognizing that blue is the universal color for human trafficking prevention, associates at the Westin Atlanta Perimeter North wore blue jeans on December 11, 2020 to help raise awareness. Each associate paid \$5 to wear jeans, and the money was donated to a local nonprofit organization that supports survivors of human trafficking.

“The exploitation of people is still taking place and I am proud of my team for joining me to help fight human trafficking and take a stand for the oppressed.”

- Thierry Grodet, General Manager
